

# CFC® AutoGlasFolien

## Kompetenz in Folie

Adhesive film experts • Experts en films autocollants  
Experto en láminas • Pellicole ad alta competenzaza  
Ο ειδικός στις μεμβράνες • Мы разбираемся в пленке  
الخبرة في مجال الرقائق الشفافة • 粘性薄膜专家

## basic-black / B05

### Technical Data

#### Features & Benefits:

- » 1-layer material construction
- » non metallized
- » protected by a scratch resistant coating
- » shrinkability: + good
- » thickness without liner ~ 31 µ (0.031 mm)
- » warranty 5 years
  
- » deep-black look, provides improved privacy
- » splinter protection
- » glare reduction

#### Proper storage:

- » clean and dry environment without direct sunlight
- » temperature between +15°C and +30°C
- » relative humidity of 50% to 60%

#### General type certification ABG 5554

Please note the legal situation in your contry (certificated also for Austria e.g.)

### Technical features

Definition		Value
Visible Light Transmission		5%
Total Solar Energy Rejection		50%
UV-Rejection		99%

### Warranty:

From the date of purchase CFC®CarFilmComponents grants a 5-year German warranty for the material if the vehicle (on which the film is installed) is used in an area comparable to middle-European climatic conditions. It is required that the vehicle is your property during the period of warranty and the installation of the film is executed by an authorized CFC®CarFilmComponents dealer.

The warranty of the material covers bleaching, discoloring, cracking formation, delamination, demetallisation, shrinking and reduction of the adhesive strength.

In case of a legitimated warranty claim the CFC®CarFilmComponents dealer will substitute the material at no charge. The CFC®CarFilmComponents dealer has no rights to remodel or enlarge the warranty standards in the name of CFC®CarFilmComponents and is no employee or representative of CFC®CarFilmComponents but an independent company.

This warranty is nontransferable. CFC®CarFilmComponents accepts no claims for defects which are caused by ignoring the care labels, accidental damage, demanding higher than average or wrong usage. CFC®CarFilmComponents cannot be held liable for the removal or breakage of the glass (for any reason). The removing of CFC®CarFilmComponents tinting films may harm the conducting paths are vacuum-metallized on single pane safety glass (very rare). Defects like these are excluded from the warranty.

The warranty applies solely on the quality of the films and requires original bill. This warranty does not cover the removal or replacement of the film or any kind of reimbursement in case of an admission ban in the future or a chance of the legal regulations for tinting films generally.

Your legal rights are not touched by this warranty of course.

**Installation instructions and care labels are summarized in a separate document.**

**This translation is a service for orientation usage only and does not have any legal character. The legal claimable one is the German version.**

The indications about physical and chemical features are based on tests which are considered reliable but do not constitute any guarantee. The listed values have to be seen as guidelines. The indications are without engagement and are for informational purposes only. From these data, no claims can be derived. Modifications and errors excepted.
